Phrasal verbs: the basics

A What are phrasal verbs?

Phrasal verbs are verbs that consist of a verb and a particle.

verb	particle	example	meaning
look	up	You can look up any new words in your dictionary.	You can find the meaning of any new words in your dictionary.
get	through	I tried to phone her but I couldn't get through .	I tried to phone her but I couldn't get a connection.
make	out	I just can't make Jim out at all.	I just can't understand Jim's behaviour.

Particles are small words which you already know as prepositions or adverbs. Here are some of the most common phrasal verb particles: **about** **(a)round** **at** **away** **back** **down** **for** **in** **into** **off** **on** **out** **over** **through** **to** **up**

B What do I need to know about phrasal verbs?

First you need to know the meaning of the whole phrasal verb as a unit. The Mini dictionary in this book will help you. For example, **look** means to use your eyes and **up** means the opposite of down, but the phrasal verb **look up** can have several different meanings:

Look the word **up** in the dictionary. [**look up** = search for information in a book/computer]

I'll **look you up** next time I'm in London. [**look up** = visit someone you have not seen for a long time] Things are **looking up**. [**look up** = improve]

Next you need to know the grammar patterns of phrasal verbs, e.g. whether the verb takes an object. The table shows the way the grammar patterns are shown in this book and in many dictionaries. Note that **sth** means **something**; **sb** means **someone**.

grammar pattern	comment	example
eat out	the verb is used without an object	We were too tired to cook at home so we decided to eat out . [eat in a restaurant] Not: We decided to eat out a meal .
bring back sth or bring sth back	the verb must have a non-human object	This photograph brings back happy memories . [makes me remember or think about something from the past] Not: This photograph brings back my sister .
ask out sb or ask sb out	the verb must have a human object	I'd love to ask Sally out . [invite Sally to go to a place like a cinema or a restaurant] Not: I'd love to ask my dog out.
look after sb/sth	the object can be either human or non-human	I'll look after the baby while you're cooking. Will you look after my bike while I'm away?
ring sb back	the object must come before the particle	I'll ring you back later. [phone you again] Not: I'll ring back you .
look after sb/sth	the object must come after the particle	Can you look after the dog while I'm away? Not: Can you look the dog after while I'm away?
drop off sb/sth or drop sb/sth off	the object can be before or after the particle	I dropped off the package at her house. [delivered/left] I dropped the package off at her house.

Exercises

1.1 Underline the twelve phrasal verbs in these sentences.

- 1 I sent off the order last week but the goods haven't turned up yet.
- 2 I came across an interesting book in the library. I took down the title. Here it is.

cause inconvenience	deal with	stop working	find	invite home	arrive
post	cancel	write	postpone	not work properly	mention

1.4 Sometimes phrasal verbs are followed by a particular preposition to make three-part verbs. Try to learn these prepositions with the phrasal verbs. Look at these examples of three-part verbs, then complete the sentences below with a preposition from the box. Use a dictionary or the Mini dictionary at the back of this book if necessary.

2

Phrasal verbs: what they mean

A The most common verbs

Here are the most common verbs that form part of phrasal verbs:

break bring call come cut get give go keep knock

look make pass pick pull put run set take turn

Units 6–12 deal with a selection of these verbs which form a large number of useful, everyday phrasal verbs.

B Meanings

The basic meanings of the verbs in A refer to concrete actions (e.g. *break* means separate into pieces), but when they are part of phrasal verbs, they often have abstract meanings too. Sometimes the concrete meaning can help you guess the abstract meaning, for example, you can **look back** to wave goodbye to someone as you leave in a car (concrete meaning – look behind you), or you can **look back** on your past life (abstract meaning – remember or recall).

verb	concrete meaning	abstract meaning
give	I gave my essay in yesterday. [handed it to the teacher]	Her parents finally gave in and let her go to the party. [agreed to something they had refused before]
get	She got on the bus. [entered]	Jim and Mary don't get on . [don't like each other and are not friendly to each other]
come	Would you like to come round this evening? [come to my home]	He was unconscious for three hours but came round in hospital. [became conscious again]

C Synonyms of phrasal verbs

A phrasal verb can often be replaced by a single verb with more or less the same meaning. The single-verb synonyms are often, but not always, more formal (see Unit 5, section C).

phrasal verb	single-verb synonym
put off	postpone
take off	remove
turn up	arrive

less formal	more formal
Let's put off the meeting until Friday.	Let's postpone the meeting until Friday.
Please take off your shoes when you enter the temple.	Please remove your shoes when you enter the temple.
Everyone turned up on time for the meeting.	Everyone arrived on time for the meeting.

TIP

If you know a single-verb synonym of a phrasal verb, write it in your vocabulary notebook, and note whether or not the phrasal verb is more informal.

Exercises

2.1 Complete these sentences using verbs from the list in A opposite.

2.2 In which of the sentences in exercise 2.1 above could you put the particle in a different position?

3

Particles in phrasal verbs

This unit looks at the role of particles in phrasal verbs. A particle is either a preposition (e.g. from, to, with) or an adverb (e.g. out, up, about). You can create phrasal verbs by adding different particles to a basic verb.

A What do particles mean?

In some phrasal verbs the particle has a clear basic meaning. Look at the examples of different particles used with the verb *invite*. On the right, in speech bubbles, you can see what the original speaker probably said.

Jack **invited** me **out**.

Let's go out together.

Rosie **invited** me **in**.

Please come in!

Jill **invited** me **over**.

Come to our place.

Paul **invited** me **round**.

Come to my house for dinner or a drink.

Mark **invited** me **up**.

Come upstairs to my flat.

Susie **invited** me **along**.

Come with us!

Bill **invited** me **back**.

Come back home with me.

B What other meanings can particles have?

Most particles convey a number of different senses. For example, *over* can have various meanings, including:

- changing position, e.g. in **fall over** [fall to the ground] or **move over** [change the place where you are sitting or standing to make room for someone else].
- an idea of thoroughness, e.g. in **read over** [read thoroughly] or **talk over** [discuss something thoroughly before making a decision].

The meanings of particles are looked at in more detail in Units 13–21.

C Where does the particle go?

With verbs that have an object:

- Sometimes the particle has to go *before* the object of the verb, e.g. I'm **looking for** my keys (not: ~~I'm looking my keys for~~).
- Sometimes it must go *after* the object, e.g. I **have** a lot of work **on** (not: ~~I have on a lot of work~~).
- Sometimes the particle may go either *before* or *after* the object, e.g. The thunder **woke up** the children *or* The thunder **woke** the children **up**.

Note that if the object is a pronoun (e.g. him, them), then the particle must go *after* it, e.g. The thunder **woke** them **up** (not: ~~The thunder woke up them~~).

Exercises

3.1 Look at section A and then answer the questions about these sentences.

- 1 My brothers were going to the circus and they asked me along.
Did the speaker go the circus on her own, with her brothers or do we not know for sure?
- 2 When I took Di a birthday present, she asked me in but I had to get to my lecture.
Did the speaker go into Di's house?
- 3 When I saw Mark on the balcony, he asked me up.
Who was in a higher position, Mark or the speaker?
- 4 When the Richardsons asked me back after the concert I was happy to accept.
Where did the speaker go after the concert?
- 5 My cousin has asked me to go over to his flat this evening.
What word could replace *over* with no change in meaning?

3.2 Look at B opposite. Are the phrasal verbs underlined in the sentences below examples of the (a) or the (b) meanings of *over*?

- 1 Think it over before you make up your mind what to do next.
- 2 You may turn over the page now and read the exam questions.
- 3 It's raining too hard to drive. Pull over to the edge of the road.
- 4 Look over your answers before the end of the exam.

3.3 Look at C opposite. Then read these definitions and decide whether the sentences below are correct or incorrect. If necessary, correct them.

have on has, having, had
have sth on to have an arrangement to do something (never in continuous tenses)
have sb on to persuade someone that something is true when it is not, usually as a joke
have on sth or **have sth on** if you have clothes or shoes on, you are wearing them (never in continuous tenses; never passive)

Nouns and adjectives based on phrasal verbs

A Nouns made from verb + particle

In English we often create nouns from verbs, e.g. *to invite / an invitation*. In the same way it is sometimes possible to create a noun from a phrasal verb. Look at these examples.

- Tom: I got **ripped off** when I phoned that 0877 number [informal: was charged too much].
The call cost five pounds a minute!
- Lily: Yes, those numbers are a big **rip-off**.
- Mona: Her son **dropped out** of college last year. [gave up his course]
- Ed: Mm. There were a lot of **dropouts** that year. I wonder why?
- Mick: Somebody **broke in** last night and stole a computer from the school. [entered by force to steal something]
- Pat: Really? That's the second **break-in** this year!

Rules for the use of verb + particle noun forms

- The plural is formed by adding *-s* to the particle, not the verb, e.g. **break-ins**, **dropouts**, **rip-offs** (not: *breaks-in*, *dropouts*, *rips-off*)
An exception is **goings-on** [strange or amusing events], which is always plural.
There was a lot of gossip about the **goings-on** at the office party.
- Verb + particle noun forms are sometimes written with a hyphen, e.g. **break-in**, **check-in**, **cover-up**; and sometimes without, e.g. **dropout**, **checkout**, **crackdown**.
Nouns with *-out* and *-over* are usually written as one word, e.g. **dropout**, **lookout**, **checkout**, **handout**, **changeover**, **leftovers**.
Nouns with *-in*, *-up* and less common particles usually have a hyphen, e.g. **lie-in**, **mix-up**, **put-down**, **run-through**.
- In pronunciation, the stress is on the verb, not the particle.
a **BREAK-in** at the office college **DROPouts**

B Nouns made from particle + verb

Some phrasal verbs have noun forms where the particle is first. The stress in pronunciation is usually on the particle.

phrasal verb	particle + verb noun	example
set out	outset	I knew from the outset that there would be problems. [beginning]
fall down	downfall	The economic crisis caused the downfall of the government. [sudden failure or end]
look on	onlooker	Crowds of onlookers watched as the police arrested the man. [someone who watches an event but doesn't take part]

C Adjectives

There are also adjectives which are based on phrasal verbs. Make a note of any you meet. e.g. a **broken-down** vehicle [vehicle whose engine had stopped working] a **breakdown** truck [truck which helps drivers who have broken down] **blocked-up** drains [drains where the water cannot flow properly]

Exercises

4.1 Complete the following table. If a noun form does not exist, write 'none' in the table. Use a dictionary if necessary. Decide whether the noun is written with a hyphen or as one word.

phrasal verb	verb + particle noun
show off	show-off
warm up	
hold on	
hide out	
turn over	
tear down	

4.2 Circle the correct noun form in these sentences. Use a dictionary if necessary.

- 1 There was a big pile-up / up-pile on the motorway involving five vehicles.
- 2 The government has announced a series of backcuts / cutbacks in funding for universities in order to save money.
- 3 When the higher taxes were announced there was a public outcry / cryout.
- 4 Several standerbys / bystanders did nothing while the thieves robbed him of his cash.
- 5 The new drug marks a throughbreak / breakthrough in the treatment of cancer.

4.3 Complete these sentences with adjective forms of phrasal verbs from the box below.

4.4 Write down the infinitive form of the phrasal verbs from which the adjectives in exercise 4.3 above are formed.

4.5 Match the sentences on the left with a suitable response on the right.

- | | |
|---|--|

| 5 You have to consider how much you spend each month. | Mm, amazing goings-on! |

Metaphor and register

A Multiple meanings of phrasal verbs

A phrasal verb can have a number of different meanings, e.g.

Often there is no direct connection between the various meanings and you just have to learn each different meaning of the phrasal verb. The best way to do this is by trying to remember a sentence using the phrasal verb.

B Literal and metaphorical meaning

Sometimes the basic meanings of a phrasal verb and the additional meanings are clearly linked. This is because some additional meanings are based on a metaphor or image which has a direct connection with its literal or basic meaning. A metaphor is a way of expressing something by comparing it with something else that has similar characteristics. Here is an example:

LITERAL (BASIC) MEANING

blow up a balloon
inflate or fill with air

→ **blow up** a building
make it explode

METAPHORICAL MEANING

someone **blows up**
suddenly becomes very angry

Sometimes a phrasal verb only exists as a phrasal verb in the metaphorical meaning, but you can guess what it means from the meaning of the basic verb without the particle. For example: These statistics look strange. Have we **slipped up** somewhere?

Here **slip up** [make a mistake] clearly comes from **slip** [fall usually because the floor is wet or the ground is icy].

C Register

Another important aspect of phrasal verbs is register. Phrasal verbs are typical of spoken English or informal writing, e.g. letters to friends and articles in popular journalism. There are often one-word equivalents, or synonyms, for use in a more formal spoken or written style. For example: **miss out** a question *or* **omit** a question. See section 2C in Unit 2 for other examples.

As with all English vocabulary, there are some different uses from one geographical area to another. For example, British, American and Australian users of English all talk of **clearing up** a room [putting things away tidily], but only British and Australian speakers would use **tidy up** as a synonym.

See Unit 69 for more examples of how phrasal verbs differ in North America and Australia.

Exercises

5.1 Match the different meanings a–f of *take in* with the appropriate sentences 1–6 below.

- a) make smaller
 - b) allow in through a hole
 - c) deceive
 - d) give a bed to
 - e) include
 - f) understand the meaning or importance
- 1 Because so many passengers were stranded at the airport, some local families offered to take them in overnight.
 - 2 The news is so shocking – I still can't take it in.

 - 6 We'd better return to the shore at once – the boat seems to be taking in water.

5.2 These pairs of sentences show phrasal verbs which can be used in both literal and metaphorical ways. Explain the two meanings and the connection between them.

- 1 a) I **stepped in** a puddle of water and my feet are soaking now.
b) She **stepped in** to stop the argument from becoming more serious.
- 2 a) This programme is rubbish. I wish you'd **switch off** the TV.

b) He **dropped out** of college and became a mechanic.
- 4 a) We **tied** the boxes **down** on the roof of the car.
b) Mark dreams of travelling but he feels **tied down** by his family and work responsibilities.

5.3 Use your knowledge of the basic verb in the underlined phrasal verbs as well as the context of the sentence in order to work out the meanings of the phrasal verbs.

- 1 What are you driving at? I wish you would say exactly what you mean!
- 2 The teacher did all she could to drum the vocabulary into her pupils before the exam.
- 3 The old education system used to cream off the best pupils and teach them in separate schools.
- 4 The noise of the children's music completely drowned out the television.

5.4 Write a one-word formal equivalent for each of the underlined phrasal verbs.

As the rain didn't let up, the football game was called off. So the team got down to discussing its strategy for the next match instead. We didn't get out of the clubhouse until the cleaners turned up in the evening.

FOLLOW UP

If you encounter a phrasal verb that you thought you knew but it does not seem to make sense, use other clues in the context to work out what the meaning might be. It may be quite different from the meaning that you already knew.

A Through

Through in phrasal verbs gives an idea of going from one side of something to the other, or from the beginning to the end of something. Note that with most of these phrasal verbs *through* must go before the object of the verb.

If you **sleep through** a loud noise or activity, it does not wake you.

I'm sorry I'm late. I'm afraid I **slept through** my alarm.

If you **live through** something, you experience a difficult situation or event.

People who have **lived through** a war often have rather a different outlook on life.

B Back

Back in phrasal verbs usually conveys the idea of returning.

If you want to return something you have bought by post, perhaps because it is the wrong size or is damaged, you **send it back**. If you go to the shop to exchange it in person you **take it back**. Shops usually have to agree to **take back** things they have sold you if you find they are not in good condition when you get home. If you **call/phone/ring someone back** or **e-mail someone back**, you are replying to a phone message or e-mail from them.

Note that with the verbs above, *back* can go before or after the object of the verb.

If someone, especially a child, **answers (someone) back**, they reply rudely to someone they should be polite to.

Mother: Say thank you to Mrs Brown.

Child: Say thank you yourself.

Mother: Don't **answer me back** like that.

An interesting use of *back* is in the expression: **We go back** ten years.

This is an informal way of saying: We have known each other for ten years.

If you **bite back**, you do something bad to someone because they did something bad to you. However, if you **bite something back** or **bite back something**, you stop yourself from saying something that shows your true feelings or thoughts.
